

The annual Sound Choice Pharmaceutical Institute fundraising dinner is going virtual this year! **Please join us LIVE online as we present Hope and Health Now**, an evening of empowerment, information, and encouragement.

Our acclaimed speakers, Dr. Theresa Deisher, Father Michael Copenhagen, Dr. James Neuenschwander, Del Bigtree, and Robert F. Kennedy, Jr, will share messages to update and inspire you.

Times are troubling for many, and the purpose of this event is to provide practical information about how to stay healthy going into flu season, weathering the SARS-CoV-2 virus, an update on COVID-19 vaccines in development (including those manufactured utilizing aborted fetal DNA), and how to take positive action to protect yourself and your family.

You might be one of the lucky winners of raffle prizes that include supplements, books, a private 15-minute phone call with one of our speakers, and more. It is an evening you do not want to miss, and **admission is only \$29**, which includes one raffle ticket. All attendees will also receive a virtual goody bag of discounts and offers for health-promoting products and services. Additional raffle tickets will be available for purchase.

Besides learning from our distinguished speakers, you will feel gratified knowing that your ticket contributes to Sound Choice Pharmaceutical's mission to end the human trafficking and exploitation that still occurs in biomedical research and development of commercial products.

Our five speakers will provide a road map for how to stay healthy during these troubled times, how to protect and hold fast to our faith, and how to take action to protect our health and freedoms. While this is the annual fundraiser for Sound Choice, it is being held with the assistance of other nonprofits, including Children's Health Defense, the Informed Consent Action Network, and Informed Choice Washington. We are thankful to those organizations for partnering with us to offer this exciting event.
